Features

Sanitaryware

Coordinated Design

The coordinated designs of Essco products are best in class offering for your bathroom. Its ranges are not only complementing design but also the functionality of each product.

Trap Glazing

Essco water closets are made with trap glazing technique. It helps in maintaining the highest degree of hygiene in your bathroom. Trap glazing does not allow dirt and human waste to accumulate on the inner surface of the trap thus making your WC hygienically clean.

Load Bearing Tests

To ensure the safety & strength of each sanitaryware installation, all Essco products go under load bearing test. Essco washbasins are tested for a load bearing capacity of up to 100kgs, while water closets are tested for 400kgs.

Efficient Flushing

Essco sanitaryware are tested to perform under tough Indian conditions. All our flushing mechanisms in European water closets go under 100 ball test to have efficient flushing every time.

After Sales Service

Essco Bathware is committed to ensuring unmatched customer service by using the trusted customer care support of its parent company Jaquar.

10 Year Warranty

10 years on Essco sanitaryware, 2 years for PP seat cover & Spare parts, and 5 years for flushing system.

Cistern

Smooth Operations

The operational capability of the cistern is more than 2 lakh cycles with a water storage capacity of 6 liters. The flushing system is designed to provide trouble free-flushing with a built-in overflow hole.

Unmatched Durability

The body of the cistern is made from high grade polypropylene. This is the most suitable material since it is resistant to stains, chips, scratches and cracks.

Easy Maintenance

Essco cisterns have fully assembled and easy to install. Its best grade virgin plastic is easy to clean and maintain. These flushing systems are offered in single-flushing option.

Modern Designs

Essco cistern designs are universal in nature to complement all type of bathrooms Indian or European.

5 Years Warranty

Essco cisterns are offered with a warranty of 5 years.

Faucet

Smooth Operations

A consistent lever operation test is conducted for over 2 Lac cycles to check sustainability. We believe in being with you for generations and for that all our products have to last long.

Chrome Plating

All our bathroom and kitchen faucets are manufactured with robust chrome plating to sustain the tough Indian condition of hard water and rough usage. It provides corrosion resistance, eases cleaning procedures, increases surface hardness, and offers a decorative shine.

Optimum Flow and Temperature

We have an integrated honeycomb-structured aerator that creates a mixture of water and air, making the stream fuller, smoother and also provides a lime build-up protection.

Water Heater

**High Quality Glass Lined
Inner Tank**
Introducing the new Essco
Storage Water Heater range
that comes with Glasslined
Tank that counter scale,
sediment, residue build up
on the surface of the water
heater tank over time due to
the hard water. The
Glasslined Tank prevent
corrosion when it is in
contact with warm water.
This increases the longevity
of the appliance enhancing
your bathing experience.

**High Density PUF
Insulation**
CFC free high density
Polyurathane
insulation keeps the water
hot and
prevents heat loss for a
long time. It reduces
energy consumption and
provides high energy
efficiency.

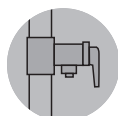

**Incoloy Heating
Element**
Incoloy Heating Element
offers superior heating
performance with
resistance to
carbonization and
oxidation at high
temperature. It also
resists corrosion against
hard water, resulting
extended life span of
heating element.

Magnesium Anode Rod
The tank has a
magnesium anode rod
that is designed to protect
the tank from corrosive
element. It works as a
sacrificial anode, keeps
the tank rust proof and
ensures a longer life.

BEE Star Rating
BEE rating assures that
it's highly energy efficient.

**Multi Function Safety
Valve**
It prevents malfunction
during abnormal
conditions like high
pressure. There are four
functions of the safety
valve-pressure release,
vacuum release,
non-return and draining.
The MFSV prevents
pressure to increase
beyond 8 bar.

Rust-free body
Rust-free body prevents
rusting and corrosion of
water heater from
outside.

Power Saver
Less electricity
consumption because of
high density PUF
insulation and glass line
coating on inner tank.

**High Quality Safety
Features**
High quality safety
features help in avoiding
any operational hazard,
ensuring more safety.

Quality at the best price
